

320 Compact Powerchair

Slim in design, light in weight

- **Convenient off board charging** with a quick release battery pack.
- **Increased Independence** with a design that is simple to dismantle for ease transportation.
- **Outstanding Manoeuvrability** indoors and out with a turning circle of only 66cm.
- **Flat Free Tyres** never worry about punctures or inflating your tyres ever again.

Incorporating the latest technology from Rascal, the 320 compact represents total innovation in lightweight powerchair design. The Rascal 320 compact is half the size of most powerchairs with the heaviest part weighing only 26.3kg making it easy to take with you where ever you are going. Quick to dismantle and with rear wheel drive for superb traction, the slimline Rascal 320 Compact will help you live life to the full.
