

# GLOBAL

## FOLDING WHEELCHAIRS

Global NF701LPE Aluminium Lightweight Wheelchair available in 40cm and 45cm width seat, includes a folding backrest, 20” Pneumatic rear tyres and solid front casters. A great folding wheelchair which is very light to load into the car, **only 12kg.**

The Global NF901 wheelchairs are a popular choice. Available in 40, 45 and 50cm seat widths, chrome plated or baked enamel burgundy. Includes detachable legrests and armrests, calf strap, 24” pneumatic rear wheels (alloy rims) and 20cm solid front casters.

NF903-45CS Transit

The Global Transit wheelchair is ideal for those who cannot propel themselves. Available with a 45cm seat it has detachable legrests and armrests, a calf strap, 12" polyurethane flexible solid rear tyres and solid 20cm front casters. The 903 is a more compact wheelchair than the NF901 due to its smaller rear wheels, shares the same frame and is 2kg lighter.

NF802-45CS Economy

The Global economy is a great one piece folding wheelchair at a very economical price. 45cm seat width chrome plated steel the 802 includes a calf strap, 24" pneumatic rear wheels and 20cm solid front casters.

All Global wheelchairs supplied with pneumatic tyres include a pump
